Cautionary Statement Regarding Forward-Looking Statements

This annual report on Form 20-F contains “forward-looking statements” within the meaning of Section 21E of the U.S. Securities and Exchange Act of 1934. To the extent that statements in this Form 20-F do not relate strictly to historical or current facts, they may constitute forward-looking statements. These forward-looking statements are based upon our current assumptions and beliefs in the light of the information currently available to us, but involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors may cause our actual actions or results to differ materially from those discussed in or implied by the forward-looking statements. We undertake no obligation to publicly update any forward-looking statement after the date of this Form 20-F, but investors are advised to consult any further disclosures by us in our subsequent filings pursuant to the U.S. Securities Exchange Act of 1934.

Important risks, uncertainties and other factors that may cause our actual results to differ materially from our expectations are generally set forth in Item 3.D “Risk Factors” of this Form 20-F and include, without limitation:

- general conditions in the Japanese or global economy;
- unexpected changes in economic, political and legal conditions in China;
- intense competitive pressures to which our products are subject;
- manufacturing delays or defects resulting from outsourcing or internal manufacturing processes;
- various export risks which may affect the significant percentage of our revenues derived from overseas sales;
- the effect of foreign exchange fluctuations on our results of operations;
- industry demand for skilled employees;
- insufficient protection of our intellectual property;
- expenses associated with licenses we require to continue to manufacture and sell products;
- our research and development not producing desired results;
- our market or supply chains being affected by terrorism, plague, wars or similar events;
- earthquakes and other natural disasters affecting our headquarters and major facilities;
- impairment losses on investments in equity securities;
- our ability to launch innovative products and otherwise meet the advancing technical requirements of our customers, particularly in the highly competitive markets for ceramics, semiconductors and electronic components;

and other risks discussed under Item 3.D “Risk Factors” and elsewhere in this Form 20-F.

Presentation of Certain information

As used in this Form 20-F, references to "Kyocera," "we," "our" and "us" are to Kyocera Corporation and, except as the context otherwise requires, its consolidated subsidiaries.

Also, as used in this Form 20-F:

- "U.S. dollar" or "\$" means the lawful currency of the United States of America, "yen" or "¥" means the lawful currency of Japan and "Euro" means the lawful currency of the European Union.
- "U.S. GAAP" means accounting principles generally accepted in the United States of America, and "Japanese GAAP" means accounting principles generally accepted in Japan.
- "ADS" means an America Depositary Share, each representing one share of Kyocera's common stock, and "ADR" means an American Depositary Receipt evidencing ADSs.
- "fiscal 2007" refers to Kyocera's fiscal year ended March 31, 2007, and other fiscal years are referred to in a corresponding manner.
- Unless otherwise indicated, we have translated the yen amounts for the year ended March 31, 2007, as of March 31, 2007 and thereafter presented in this Form 20-F into U.S. dollars solely for your convenience. The rate we used for such translations was ¥118.00 = \$1.00, which was the noon buying rate in New York City for cable transfers in foreign currencies as certified for customs purposes by the Federal Reserve Bank of New York on March 30, 2007, rounded to the nearest yen. These translations do not imply that the yen amounts actually represent, or have been or could be converted into, equivalent amounts in the U.S. dollars.
